

Here at Bastille, we are in the business of hospitality and it is always our top priority to provide everyone the best possible care in our restaurants, as well as to ensure the health and safety of our guests, employees and our community. We are not altering our business hours at this time, but encourage all guests to visit our website for any updates or disruptions to those hours.

In our 14 years of business, Bastille has continuously upheld industry standards when it comes to the cleanliness and sanitation practices in our restaurant. We want to take this opportunity to let you know of the policies and procedures we have put in place surrounding COVID-9/Coronavirus.

What we're doing:

- Closely monitoring the advice and guidance from the Centers for Disease Control (CDC) and the World Health Organization (WHO).
- Educating our employees on preventative measures provided by the CDC.
- Increasing the frequency and extent of our cleaning practices, such as additional wipe downs of all hard surfaces including the kitchen, bathrooms, bars, and dining rooms.
- Providing resources that are available to guests and employees including extra soap and paper towels in the restrooms.
- Implementing heightened sanitation and hand-washing procedures for all employees.
- Discouraging all personal contact within our restaurants, including shaking hands.

What we encourage guests to do:

- Wash your hands frequently and use a paper towel to dry.
- Avoid touching eyes, nose and mouth.
- Avoid close contact with people who are sick.
- Stay home when you are sick.
- Cover your nose and mouth when you cough or sneeze with a tissue, and then dispose of the tissue.

Please know that we are always following best practices as it pertains to guest safety and restaurant cleanliness. We will continue to work around the clock to ensure our teams are going above and beyond in keeping our restaurants safe for all.
